

CURRICULUM VITAE

Personal Information

- Name: Ghanya Naji Mohammed Al-Naqeb Ph.D
- Nationality: Yemeni
- Gender: Female
- Marital status: Married
- Address: Via Scaramuzza n. 26,
27100 Pavia
Italy
- Email: ghanya.al-naqeb@unipv.it

Educational Background

- Ph.D. (Nutritional Sciences, Nutrigenomics), Department of Nutrition and Dietetic, Faculty of Medicine and Health Sciences, Universiti Putra Malaysia, Malaysia. 2009.
- M.Sc. (Nutritional Biochemistry), Department of Nutrition and Dietetics Faculty of Medicine and Health Sciences, University Putra Malaysia, Malaysia. 2005.
- B.Sc. (Hons) (Food Sciences and Nutrition) Department of Food Sciences and Technology, Faculty of Agriculture, Damascus University, Syria, 1999.

Working Experiences

- RTDA (Assistant professor) at Laboratory of Dietetics and Clinical Nutrition, Department of Public Health, Experimental and Forensic Medicine, University of Pavia. March 2023-Current.
- Research fellowship holder at Center Agriculture Food Environment - C3A, University of Trento, Trentino, Italy. August 2020 –February 2023.
- Postdoctoral Researcher at Chair of Food Chemistry, Faculty of Chemistry and Pharmacy, institute of Pharmacy and Food Chemistry, Universität Würzburg Germany. December 20017 –November 2019.
- Associate Professor of Nutritional Sciences, Faculty of Agriculture Food and Environment, Department of Food Science and Nutrition, University of Sana`a, Yemen (2015-2017).
- Postdoctoral Research Follow at Grand Forks Human Nutrition Research Center, Grand Forks, North Dakota, USA (January 2014 -September 2014).
- Assistant Professor of Nutritional Sciences, Faculty of Agriculture Food and Environment, Department of Food Science and Nutrition, University of Sana`a, Yemen (2011-2015).
- Postdoctoral researcher, Department of Pharmacology and Toxicology Faculty of Pharmacy, Universiti Teknologi MARA, Campus Puncak Alam, Malaysia (January 2010 – January 2011).

- Post-doctorate Researcher, Laboratory of Molecular Biomedicine, Institute of Bioscience Faculty of Medicine and Health Sciences, Universiti Putra Malaysia, Malaysia (January 2009 – September 2010).
- Postgraduate researcher at Laboratory of Molecular Biomedicine, Institute of Bioscience, UPM (2002-2009).

Teaching Expertise

[510004] - FUNDAMENTALS OF FOOD TECHNOLOGY,
AGRI-FOOD SUSTAINABILITY

Master Course Academic Year 2022/2023, University of Pavia Italy

<https://unipv.coursecatalogue.cineca.it/insegnamenti/2023/20082/2022/2/10611?coorte=2023&schemaid=14521>.

Courses taught at university level (Faculty of Agriculture Food and Environment, Department of Food Science and Nutrition, Yemen:

1. Biochemistry
2. Biology
3. Functional Foods
4. Preventive Nutrition
5. Introduction to Human Nutrition
6. Medical Nutrition Therapy 1
7. Medical Nutrition Therapy 2
8. Nutrition through life cycle
9. Nutritional Assessment
10. Food Preparation
11. Food Analysis
12. Food Allergy
13. Teaching Methods in Nutrition
14. Pharmacology
15. Toxicology
16. Food and Drug Interaction
17. Especial topics in Nutrition

I have also taught the following courses at for postgraduate students (Master)

1. Research Methodology
2. Advance Human Nutrition
3. Nutrient and nutrient interaction

Supervising students: Main and Co-supervisor for: Ph.D., Master students and final Project for graduate student.

Research Interests:

- Biodiversity, as a source for human health and medicine.
- Functional foods and nutraceuticals development for diseases prevention.
- Bioactive compounds extraction, determination, identification and application.
- Natural antioxidants and antioxidant activity.
- Research on safety evaluation and genotoxicity assessment.
- Research on the biological activity and molecular mechanisms of functional foods and traditional herbal medicine used by Committee in the area of diabetes, cardiovascular diseases, lipid accumulation, oxidative stress and cancer.

- Google Scholar i10-index: 22 h-index: 16 Citations: 1097.

<https://scholar.google.com/citations?user=QOGepAcAAAAJ&hl=en>

<https://orcid.org/my-orcid?orcid=0000-0002-7734-1706>

-ResearchGate Impact point: 23.42

<https://www.researchgate.net/profile/Ghanya-Al-Naqeb>

<https://sciprofiles.com/profile/1724105>

Scientific Award

- Best research Award in 19th International Congress of the International Society for Ethnopharmacology, Hörsaalzentrum of the Technische Universität Dresden Germany. 12th-14th June 2019.
- The 2016 Elsevier Foundation Awarded for Early Career Women Scientists in the Developing World, in Biological Sciences: Agriculture, Biology, Medicine, Arab Region. Annual Meeting in Washington D.C., USA. The 10 to 15 February 2016.
<https://www.elsevier.com/connect/5-biologists-to-receive-elsevier-foundation-awards-for-women-in-science-at-aaasmtg>.
- 2015 Federation of Arab Scientific Research Councils Award in Medicinal and Aromatic Plants field. Khartoum Sudan 31 May 2016.
- Ghanya Al-Naqeb, Norhaizan Mohd.Esal and Zulkhairi Hj Amom, Maznah Ismail. The Effect of Nigella Sativa and Its Oil on Atherogenesis in Hypercholesterolemia Induced Rabbits. International Conference Exploring New Frontiers in Medicine and Health 2007. (Award for Best poster presentation).

list of publications of Ghanya Al-Naqeb

A- Publications with peer review process:

1. **Al-Naqeb, G.**; Kalmpourtzidou, A.; De Giuseppe, R.; Cena, H. Beneficial Effects of Plant Oils Supplementation on Multiple Sclerosis: A Comprehensive Review of Clinical and Experimental Studies. *Nutrients* 2023, 15, 4827. <https://doi.org/10.3390/nu15224827>.
2. **Al-Naqeb, G.**, Cafarella, C., Aprea, E., Ferrentino, G., Gasparini, A., Buzzanca, C., Micalizzi, G., Dugo, P., Mondello, L., Rigano, F. (2023). Supercritical Fluid Extraction of Oils from *Cactus Opuntia ficus-indica* L. and *Opuntia dillenii* Seeds. *Foods*, 12, 618. <https://doi.org/10.3390/foods12030618>.
3. **Al-Naqeb, G.**, Sidarovich, V., Scrinzi, D., Mazzeo, I., Robbiati, S., Pancher, M., Fiori, L., & Adami, V. (2022). Hydrochar and hydrochar co-compost from OFMSW digestate for soil application: 3. Toxicological evaluation. *Journal of environmental management*, 320, 115910. <https://doi.org/10.1016/j.jenvman.2022.115910>.
4. **Al-Naqeb, G.**; Fiori, L.; Ciolli, M.; Aprea, E. (2021). Prickly Pear Seed Oil Extraction, Chemical Characterization and Potential Health Benefits. *Molecules*, 26, 5018. <https://doi.org/10.3390/molecules26165018>.
5. **Al-Naqeb, G.** (2020). Antioxidants activity and cholesterol regulation effect of *Caralluma flava* N.E.Br extract in HepG2 cells. *Arabian Journal of Medicinal and Aromatic Plants*, 6(3), 57-75. doi:<https://doi.org/10.48347/IMIST.PRSM/ajmap-v6i3.23655>.
6. Kaokabah, N., Al-Qubati, A., **Al-Naqeb, G.** (2020). Anti-Obesity Effects of *Pulicaria Jaubertii* E. Gamal-Eldin in High Fat Diet-Induced Rats. *Universal Journal of Pharmaceutical Research*, Vol. 5, no. 5, Nov. doi: <https://doi.org/10.22270/ujpr.v5i5.487>.

Memberships in societies and scientific committees

- TWAS Young Affiliates
- OWSD Member since 2013.
- Members of the Academics in Solidarity Network/ Germany
- Members of the scholar at risk Network/Italy
- Members of the Sana'a University Females Academies Forum/Sana`a Yemen
- Member in Women in science without borders.
- Member in Arab Scientific Research Councils
- Member in Agricultural Cooperative Federation/ Yemen
- Member in Ruler women development association / Yemen
- Member in Nutrition society / Yemen

Training Courses

-2013- Sida International Training Programme “Quality Infrastructure for Food Safety”Sweden, November 17 to December 13, 2013.

- Training Courses on Nutrition Awareness and food processing and preservation in Abs (Hajah) and Zabid (Hodeidah) with UNDP as trainer. 2013
- Training Courses on Nutrition Awareness and food processing and preservation in Sana`a and Emran with UNDP as trainer. 2013
- Training Courses on Nutrition Awareness and food processing and preservation in, Hodeida with European Union Project for Technical Assistance to Tehama Development Authority, Ministry of Agriculture & Irrigation as trainer. 2012
- Training Courses on Nutrition Awareness and food processing and preservation in Dhamar and Ibb with UNDP as trainer. 2012
- Training Courses on Nutrition Awareness and food processing and preservation in Lahij with UNDP as trainer. 2012

Personal Skills and Abilities

- Experience in Genotoxicity work.
 - Experience in different cells culture work.
 - Experience in animal studies work (Rats, Rabbits, Mice)
 - Experience in cell cancer and toxicity studies.
 - Experience in molecular biology (RNA and DNA extraction, gene expression).
 - Experience in operating and handling real time PCR.
 - Experience in operating and handling gene expression profiler (GeXP) system
 - Experience in operating SFE (Super critical fluid extraction system).
 - Experience in providing training on Community-Based Management of Acute Malnutrition (CMAM).
 - Experience in providing training on management of Severe Acute Malnutrition (SAM).
 - Experience in providing training on management of Moderate Acute Malnutrition (MAM).
 - Experience in providing training on providing supplement Feeding program for pregnant and lactating women.
 - Experience in identifying training needs, plan and implement relevant trainings in nutrition.
 - Experience in providing training for staff on nutrition guidelines and protocols.
 - Experience in planning of dieting.
 - Experience in Food processing technology.
 - Experience in Food packing and labeling technology.
 - Experience in Food preservation methods.
- Experience in the design of small industrial units in the field of food industries.
- Experience in the development of human skills and abilities. •
 - Experience in rural women development.
 - Experience in the formation of agricultural cooperatives.
 - Able to speak and write in Arabic and English. Having basic Malay language, Dutch and Italian language.
 - Proficient in Microsoft Office (Word, Power Point, Excel) and Internet Explorer.
 - Familiar in web Page Building (Netscape Navigator, Front Page and HTML).
 - Experience in varies statistical program SPSS and GraphPad Prism 7.
